

# Traffic Simulator

## Team Week 3

By: Mohammad Awais Zubair, Afreen Fatima, and Sebastian Teslic

# About Us

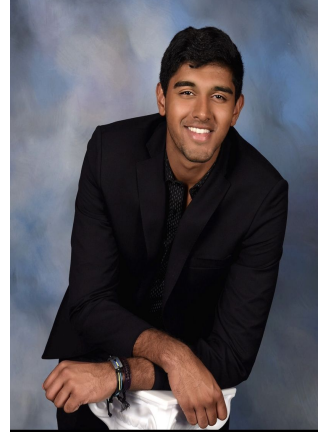

**Afreen Fatima**

Rutgers University  
Major: Computer  
Engineering  
Class: 2024

**Sebastian  
Teslic**

Boston University  
Major: Computer  
Science  
Class: 2024

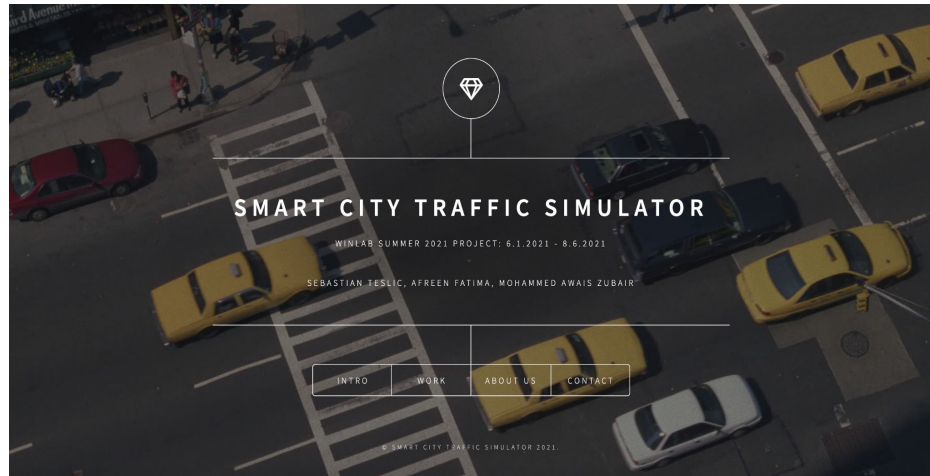

**Mohammed  
Awais Zubair**

Rutgers University  
Major: Computer  
Engineering  
Class: 2023

Sheza Bajwa  
&  
Ana Obradovic  
(Highschool)

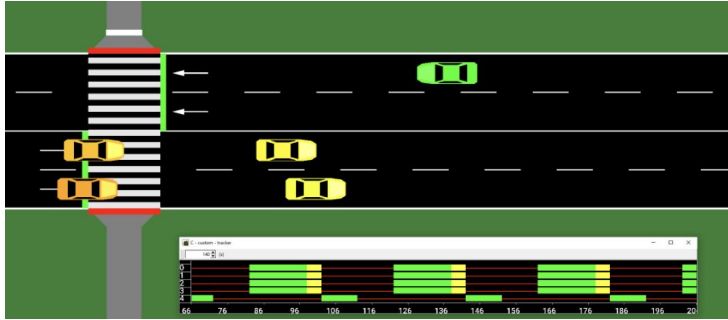

# This Weeks Progress:

- Familiarized ourselves with the ROS tutorials and Git
- Read the requirements for the hybrid simulation package on GitHub and started planning the execution
- Finished our project webpage

# Next Week's Goals:

- Continue to familiarize ourselves with ROS, SUMO and Gazebo
- Figure out what operating system, etc. we will use to execute the project

# Thank You!
