

Traffic Simulator

Team Week 4

By: Mohammad Awais Zubair, Afreen Fatima, Sebastian Teslic and Sheza Bajwa

About Us

Afreen Fatima

Rutgers University
Major: Computer
Engineering
Class: 2024

**Sebastian
Teslic**

Boston University
Major: Computer
Science
Class: 2024

**Mohammed
Awais Zubair**

Rutgers University
Major: Computer
Engineering
Class: 2023

Sheza Bajwa

East Brunswick High
School

This Weeks Progress

- Familiarize ourselves with Gazebo
- Set up the project image on the nodes and got the remote desktop working

Next Week's Goals

- Create a basic environment that looks like the ones shown below
- The pictures below represent the scale model that we have in the lab. Ideally we want to funnel information from that into the simulation.
- Create a car in Gazebo and be able to move it around in the environment

Thank You!
